

Dorchin Co. was established in 1993 for growing, processing and exporting Iranian pistachios by Sedaghat family who already had 50 years of experience in growing pistachios in Rafsanjan, Iran.

We have invested in developing new orchards and modern facilities which have enabled us to process and supply our products in the healthiest way.

In addition to In-Shell Pistachios, Natural Pistachio Kernels and Green Peeled Pistachio Kernels, we also offer Organic Pistachios.

Up to present day, our business have been promoted in 27 countries and we believe this success in the world markets has been due to our consistency in quality, reliability, and fair offers. We commit ourselves to keep such policy.

# Green Peeled Pistachio Kernels

Since unripened crops tend to yield better green hue, half-ripened and fresh crops are harvested and then the inner skin is peeled.

Based on the intensity of green color, it is categorized as S (Supreme) - (intense dark green), A (dark green), B (bright green), C (very bright green) and D (yellow-green).

GPPK is mostly used as an ingredient in chocolates, sausages, ice-creams and pastries.
